**Pastor Hawtree and Kerwin Baptist Church** honored us by allowing us to take part in their missions conference. They allowed us to stay in their mission house and spoiled us for some weeks. Kerwin folks, Pastor Hawtree, and Mrs. Julie were such an encouragement to us. What an honor it was to be with our son,

William, and his new bride, Phyllis! Kerwin voted to become their sending church, too. Being with our home church was refreshing physically, emotionally, and spiritually. **Big News in the Icelandic ministry:** With the stigma of being outsiders and not the State church, parents have not allowed their children to be baptized, though hundreds of youth have trusted Christ in the children’s ministry. On November 10th, we rejoiced that the parents of a precious girl who had trusted Christ in our church allowed her to get baptized. Though adults have trusted Christ and been baptized throughout the years, this was the first youth in our ministry. Over sixty people came to witness the baptism. God is doing great things in Iceland. Thank you for praying for the ministry to Icelandic speakers (photo left).

**William seeks to raise support and schedule meetings.** William needs to fill in his schedule from August to October. Please consider granting him a meeting or taking him on for support posthaste, as he is currently serving full-time at the church with minimal support. Thank you for praying for this. You can read about them at <https://weimersiniceland.com/>.

**English-speaking ministry:** Two of our members were married on October 19<sup>th</sup>. I had the honor of performing the ceremony, and what a joy that was! They met here in church, and it is a blessing to see them serving together as a couple in our Icelandic outreach. They teach 3<sup>rd</sup> – 5<sup>th</sup> grades. Both of them invited friends, family, and coworkers to the wedding. I preached the gospel to the 140 wedding guests, and we know that God’s Word will not return void. Thank you for praying for the English ministry. **Upcoming events:** November 29<sup>th</sup> is our International Day of Thanksgiving. Thanksgiving, not celebrated in Iceland, has become one of our largest church outreaches of the year. Thank you for praying for us as we expect visitors. **Support:** Thank you for your sensitivity to the Lord about Iceland. It amazes me how God touches hearts. We recently had a great need upon us, and a sensitive soul reached out, sharing how we were on their hearts. This is the Lord’s doing. Praise the Lord!
